

# —School Bus Safety—

**DO** have your child at the bus stop five minutes before it arrives.

**DON'T** allow your child to run across the street to try and catch a bus.

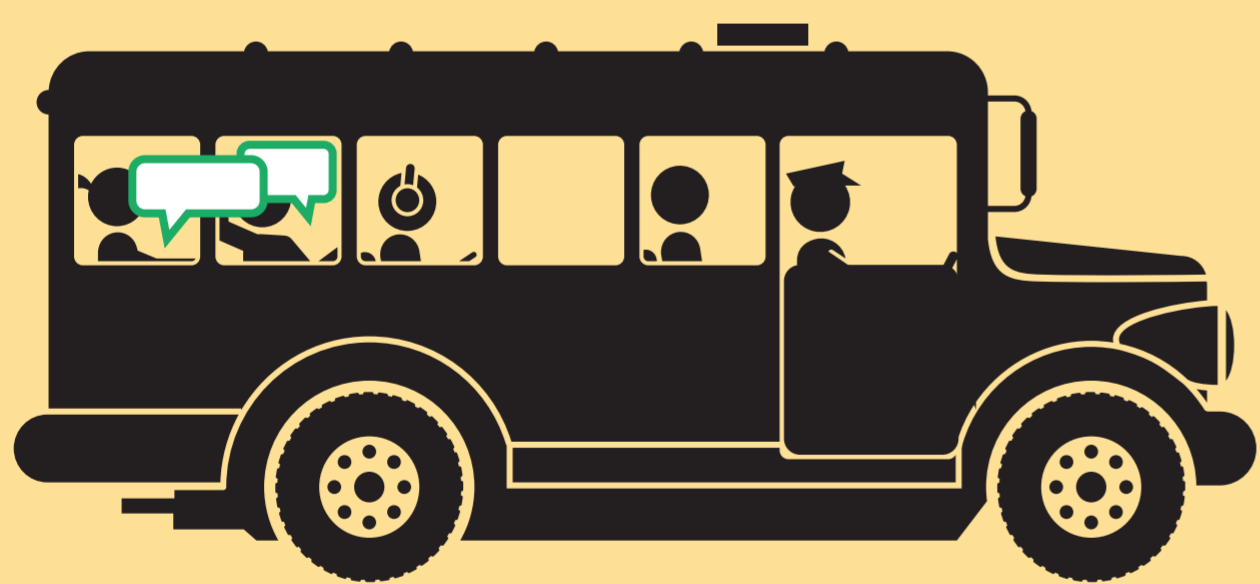

**DO** have your child stand far back from the curb when they're waiting for the bus.

**DON'T** let your child stick anything or any part of their body out of the bus windows.

**DO** educate your child to use their indoor voices while they're on the bus.

**DON'T** let your child stand up on the bus unless it is at a complete stop.

**DO** educate your child to look both ways before crossing the street after exiting the bus, regardless of whether other pedestrians are already walking across.

**DON'T** allow your child to cross the street behind the bus after exiting – always wait for the bus driver to signal that it is safe before crossing in front of the vehicle.
